We have a newly built home and needed sod. Gino took time to meet with me and answered all of our questions. We were notified before they arrived and they kept us informed of their progress. They cleaned up every night before they left. We are very satisfied with our beautiful lawn and mulch. We are looking forward to using Gino's Landscaping again to add trees and bushes to our yard in the future.

Gino's did all of my landscaping at my new house. All of their landscaping turned out beautiful! We had new sod installed, various plants, two trees with a flagstone border around the tree and paver/stone outlining our porch front yard and side yard. Gino was very helpful with picking out certain plants and giving advice on the plant and sod aftercare. His team was very professional, hard working and great to work with! I would highly recommend Gino's L&L to anyone needing landscaping done!
